

ABOUT

We offer a variety of standard shaped bollard covers and can also custom fabricate them to fit your site needs and take into account different planter depths based on use. Custom lighting, etching, and powder coating can be added to show a sites logo, name or address.

Contact our design team for custom sizes, shapes, and options.

ADG Metalscape products are handmade and produced in the United States using premium materials such as cor-ten steel, aluminum, stainless steel, brass, copper, and bronze. Each product is meticulously treated and inspected to ensure a superior product. Our portfolio of finishes include natural weathering, patina, powder coating, and other hand finishes.

Product assistance and implementation is available through our design and engineering team. We can provide support in every stage from design and development, to installation.

ADG Metalscapes is an environmentally conscious manufacturer and uses recycled and recyclable materials.
