

FACETED PLANTERS

Our Faceted Planters are a great way to add a contemporary detail to your project. Each planter can be custom made for any shape and size and can be made modular with as many faces as you want.

ADG Metalscape products are handmade and produced in the United States using premium materials such as cor-ten steel, aluminum, stainless steel, brass, copper, and bronze. Each product is meticulously treated and inspected to ensure a superior product. Our portfolio of finishes include natural weathering, patina, powder coating, and other hand finishes.

Product assistance and implementation is available through our design and engineering team. We can provide support in every stage from design and development, to installation.

 ADG Metalscapes is an environmentally conscious manufacturer and uses recycled and recyclable materials.
