

# Tapered Tube Planters

## ABOUT

Our tapered tube planters can be fabricated into a variety of profiles and shapes to add a fun flare to your space. These can stand individually or in a layout of a variety of shapes sizes and colors.

Contact our design team for custom sizes, shapes, and options.

ADG Metalscape products are handmade and produced in the United States using premium materials such as cor-ten steel, aluminum, stainless steel, brass, copper, and bronze. Each product is meticulously treated and inspected to ensure a superior product. Our portfolio of finishes include natural weathering, patina, powder coating, and other hand finishes.

Product assistance and implementation is available through our design and engineering team. We can provide support in every stage from design and development, to installation.

 ADG Metalscapes is an environmentally conscious manufacturer and uses recycled and recyclable materials.
